Dear Mr. Avery

Re: Three pups owned by Brian Edwards

Further to our discussions, the City of Sarnia is taking the position that where an existing pit bull does not meet the requirements, the legislation requires a pound operator to exercise certain options which are set out in section 20(7.4) of the Animals for Research Act, R.S.O. 1990 (the "ARA")

The options are:

1. Destroy the dogs.
2. Transfer the dogs to a person which is a resident outside Ontario in a jurisdiction in which ownership and possession of the pit bull is lawful, where the person is acquiring the dog, in good faith, in order that it be used as a pet or in hunting or working purposes.
3. Transfer the dogs in accordance with clause 20(6)(c).
4. Transfer the dogs in accordance with the permission to transfer restricted pit bulls given by section 9 of the Dog Owners' Liability Act.

The Animal Control Officers have confirmed in writing the following:

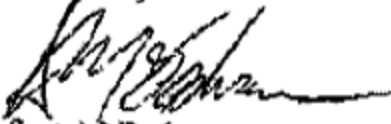

1. The dogs are a Staffordshire Bull-Terrier (pit bull) or have the appearance and physical characteristics that are substantially similar.

The City of Sarnia believes that the return of the dog at this time would pose a menace to the safety of persons or domestic animals.

Please be aware that on the basis of all of these considerations, the City of Sarnia will exercise its authority under section 20(7.4) of the A.R.A. on Wednesday June 20, 2007, being to pursue option number one.

If you wish to take any further actions, Legal proceedings should be served no later than 2:00 p.m. Tuesday June 19, 2007.

Yours truly

Scott McEachern
